†Indicates courses with placement testing prerequisites. Students who have tested above the minimum score required for participation in the college transfer pathway meet these prerequisites.

**Indicates a course with prerequisites that cannot be met through placement testing alone.*

1. To be eligible for enrollment, a high school student must meet the following criteria:
   a. Be a high school junior or senior;
   b. Have a weighted GPA of 3.0 on high school courses; and
   c. Demonstrate college readiness on an assessment or placement test in English, reading, and mathematics.
2. To maintain eligibility for continued enrollment, a student must
   a. Continue to make progress toward high school graduation, and
   b. Maintain a 2.0 GPA in college coursework after completing two courses.
3. Upon completion of the Core 44 College Transfer Pathway, a student may continue to earn college transfer credits leading to the completion of the 44-credit Transfer Diploma in Science while enrolled in high school with approval of the high school principal and the college's chief student development administrator.
