

Committee Objectives for 2010-2011 Based on College Goals

Goal 1— Student Learning and Success: Ensure student learning and success by promoting an innovative and supportive learning environment.

- Achieving the Dream Core Team will analyze current institutional situations as relates to Achieving the Dream’s main purpose of helping more students reach their individual goals (which may include obtaining a better job; earning a community college certificate or degree; or attaining a bachelor’s degree) by collecting, compiling and analyzing data on student outcomes; and analyzing data disaggregated by relevant demographic groups.
- Achieving the Dream Core Team will diagnose causes of problems that prevent students from reaching their goals by engaging students, faculty, and staff in the analysis.
- Achieving the Dream Data Team will use quantitative and qualitative data to analyze the College’s performance as it relates to student success.
- Achieving the Dream Data Team will facilitate student focus groups in order to gather data to determine student perceptions about the learning environment at the College.
- Advisement Management Team: Advising for Program Change—will focus on defining the advising steps and information for the program change process.
- Advisement Management Team: Marketing—will focus on reviewing the messages for faculty and students and develop ways to increase utilization of iCAN website.
- Advisement Management Team: Standards of Progress—will focus on:
 - Clarifying and communicating block dates with IT
 - Self-Imposed suspension advising
 - Assessing the student probation contract
- Advisement Management Team: Advising Week—will:
 - Develop an outline of what needs to be done to promote Advising Week each semester
 - Focus on setting a standard time for advising week, such as three weeks before registration and be sure it gets on all calendars for fall and spring terms
 - Get the VPs, deans and faculty support, standardized advising outline for advisors.
- Advisement Management Team: Classroom Advising— will focus on:
 - Including “Advising” tab for Blackboard classes in more curriculum areas, particularly IT and Nursing
 - Checking “Course Statistics” in Blackboard to track the use of “Advising” tab
- Classified Staff Council intends to encourage our members to become fully engaged in the quorums on each CPCC campus to discuss the Achieving the Dream initiatives and explore the ways that we can contribute to the success of all our students.
- College Senate president will serve on the Achieving the Dream Core team.
- College Senate president-elect will serve on the Achieving the Dream Data team.

Committee Objectives for 2010-2011 Based on College Goals

- College Senate will support Achieving the Dream by providing feedback.
- College Senate will continue to support the Learning College initiative.
- College Senate will submit updated proposal for Grade Appeals Process.
- College Senate president will engage with VPL on Policy and Procedure faculty questions.
- College Information Technology Team (College Tech Team) will evaluate design and recommend configuration of the SMART and Technically Enhanced classrooms to enhance teaching and learning through the use of user-friendly, cost-effective, and state-of-the-art technologies.
- College Tech Team will evaluate and recommend current and future solutions to assist with the online learning environment, including any upgrades to our learning management systems.
- College Tech Team will evaluate and recommend solutions regarding policies and guidelines on the best practices for student use of College technologies.
- Diversity Committee will establish cultural diversity panel programs at each campus for staff and students each spring and fall.
- Diversity Committee will collaborate with Student Life to offer cultural performances/workshops during the International Spring Festival, MLK Day, and other events.
- General Education Committee will maintain active liaison with Achieving the Dream initiative.
- General Education Committee will review SACS requirements related to general education.
- General Education Committee will assess and report results of General Education Goals for 2010-2011.
- Institutional Effectiveness Committee—Achieving the Dream Subcommittee—will:
 - Review quantitative and qualitative data sets
 - Help evaluate proposed intervention strategies
 - Assist with identifying measurable outcomes for the final strategies in the implementation plan.
- Institutional Effectiveness Committee—eLearning Subcommittee—will:
 - Support/assist with the recommendations from the eLearning Advisory Committee
 - Review Distance Education requirements for SACS
- Learning College Steering Committee will pilot the use of an ePortfolio as a tool to document student learning outcomes in 3-5 program areas.

Committee Objectives for 2010-2011 Based on College Goals

- Learning College Steering Committee will create an outreach campaign for student self-assessment of core competencies.
- Process Review Team will inventory CCCC policies, procedures, and practices that directly impact student success and retention.
- Retention Committee will assess outcomes of the pilot of the new Diagnostic Accuplacer test.
- Retention Committee will consult with instructional programs and student services staff to develop more comprehensive steps for enrolling first year students and to assist with the starting of the First Year Experience program.
- Retention Committee will continue research and implementation work in the following areas:
 - Required Placement Testing for New Students Seeking Credentials (6+ hours first term enrollment)
 - Enrollment in Developmental for those placing into it
 - Pre-enrollment Advising
 - Pre-enrollment Orientation
 - Expanded Prerequisites for Reading/Writing/Math-intensive Courses
 - Special Required Advising for Transfer Students
- Retention Committee will identify non-academic barriers to student success and set up subcommittees to study these and make recommendations for addressing them.
- Retention Committee will research and recommend actions as requested by the Achieving the Dream Core and Data Teams.
- Safe College Team will foster a safe learning environment by enhancing communication tools to be used in the event of an emergency (i.e., social media and the classroom phone paging system).

Goal 2—Organizational Learning and Development: Foster an organizational culture that maximizes individual growth through expanded learning opportunities.

- Achieving the Dream Core Team will educate the College community on Achieving the Dream goals and values.
- Achieving the Dream Core Team will hold conversations to reflect on the data (see Goal 1, Objective 1).
- Achieving the Dream Data Team will facilitate a series of Data Dialogs at all six campuses to seek input from faculty and staff on data relevant to student success.
- Classified Staff Council intends to complete the implementation of a scholarship for a Classified Staff employee through a partnership with the CCCC Foundation.

Committee Objectives for 2010-2011 Based on College Goals

- College Tech Team will evaluate and recommend mobile solutions to enhance learning and improve effectiveness of College administration.
- College Tech Team will evaluate and recommend additional and/or updates of on-demand training for solutions and services provided by ITS.
- College Tech Team will evaluate and implement new enhancements and features offered by Datatel and their partners.
- College Tech Team will evaluate and recommend any additional current and/or future updates of strategic reporting solutions to assist with reviewing and evaluating longitudinal data across the College.
- Diversity Committee will expand awareness of the professional development offerings related to diversity, including the Diversity Certificate.
- Diversity Committee will partner with Library Services to offer film viewings for students and staff.
- Institutional Effectiveness Committee—Culture of Evidence Subcommittee—will:
 - Educate the College community on what data sets currently exist and where they are located
 - Offer training opportunities on how to read, understand, and interpret data
 - Review status of core competency initiative
- Institutional Effectiveness Committee—IEC Communications and Awareness Subcommittee—will:
 - Seek opportunities to provide IEC updates and bring forward IEC recommendations to other College-wide committees and key players
 - Publish “Data Briefs” on behalf of the IEC
- Safe College Team will prepare employees to respond to emergency situations.
- Safe College Team will review and strengthen business continuity systems and processes across CPCC in support of the learning environment.

Goal 3—Community Catalyst: Be a catalyst for the educational and socioeconomic development of the community through partnerships, coalitions, lifelong learning, and civic engagement.

- Achieving the Dream Core Team will engage community stakeholders in diagnosing problems that prevent students from achieving their goals.
- Classified Staff Council intends to organize at least one area nursing home visit this year to deliver socks and lotion to the residents.
- Classified Staff Council intends to hold our annual “Morning with Santa” event for the women and children of the Salvation Army Center of Hope and the general public, free of charge, during the Christmas season.

Committee Objectives for 2010-2011 Based on College Goals

- College Tech Team will encourage participation in technology events at various campuses and College-related conferences.
- Diversity Committee will partner with the Arts and Science Council to offer the African American Theater 101 program to students.
- Diversity Committee will collaborate with Service Learning and International Programs and Services to participate in community outreach projects.
- Diversity Committee will look at partnering with “Crossroads Charlotte” to offer discussion panels or information events at the College.
- Safe College Team will strengthen the College’s emergency preparedness plan by enhancing community partnerships and collaborating with police, fire, medic, and other relevant organizations.
- Safe College Team will transition CPCC’s All Hazard Emergency Response Plan to National Incident Management System standards, enhancing our ability to interface with external organizations during emergency or disaster incidents.

Goal 4—Organizational Capacity to Serve: Plan and manage human, physical, financial, and technological resources so that College programs, services, and infrastructure meet student and community needs.

- Achieving the Dream Core Team will examine existing institutional policies and practices to discover what helps and hinders student success at achieving their stated goals.
- Achieving the Dream Core Team will set priorities, goals, and measurable outcomes.
- Achieving the Dream Core Team will develop strategies to achieve measurable outcomes.
- Achieving the Dream Data Team will facilitate faculty/staff focus groups in order to gather data relating to College programs and services.
- Classified Staff Council intends to reach out to fellow Classified Staff members at Thanksgiving who are in need of a little help to have a “Happy Thanksgiving” by anonymously delivering food to their households that we collect on our campuses prior to Thanksgiving.
- College Senate will work with ITS Liaison to ensure faculty and learner’s technology needs are addressed within the scope of College resources.
- College Senate will engage ITS to test and pilot new systems (for example, syllabi system).
- College Tech Team will evaluate and recommend solutions, including online chat services, to improve customer service offerings to students, faculty, and staff.
- College Tech Team will evaluate and recommend solutions to further enhance communications.

Committee Objectives for 2010-2011 Based on College Goals

- College Tech Team will recommend training and education for all objectives as required.
- Diversity Committee will sponsor a Diversity Committee table at the annual “Walk a Mile” disability awareness event at each campus.

Goal 5—Organizational Excellence and Innovation: Promote and sustain innovation, entrepreneurship, and excellence throughout the organization.

- Achieving the Dream Core Team will, together with the Achieving the Dream Data Team, identify two to three institution-wide initiatives that will result in more students achieving their stated goal of obtaining a better job, earning a community college certificate or degree, or attaining a bachelor’s degree.
- Achieving the Dream Core Team will author a two-year implementation plan for establishing and ensuring success of identified initiatives.
- Classified Staff Council intends to organize fundraisers to promote financial sustainability of our annual projects.
- College Senate president will engage CCE to look for opportunities to leverage faculty expertise for developing and delivering quality CCE training.
- College Tech Team will evaluate and recommend improvements of the annual Technology Planning process.
- Diversity Committee will look at developing a “Diversity at CPCC” page on the website or an email address where staff and students could offer ideas and learn about events.
- Institutional Effectiveness Committee—Administrative and Program Review Subcommittee will:
 - Review the One-Year Follow-Up Reports
 - Recommend any changes to the program review process prior to the next cycle which begins in December 2010
- Institutional Effectiveness Committee—SACS Subcommittee will:
 - Develop a standardized template for meeting agendas and minutes
 - Develop a process to identify and deposit all meeting agendas and minutes into a centralized repository
 - Assist with the inventorying of who is responsible and what kind of documentation currently exists as required by SACS
- Retention Committee will assist, as directed by Cabinet, with the implementation of the Process Review Team’s recommendations from 2009-2010 and with research or pilot projects relating to the Achieving the Dream effort.
