

CPCC OTA Program - Level I Fieldwork Objectives

The following fieldwork objectives are important to meet college and professional standards for the required course.

Each fieldwork facility is granted access to the CPCC OTA Program Fieldwork Site. This contains policies and procedures for FW, course syllabi, and programmatic information. Please review the objectives below and ensure that each educator in your facility understands them, as well as reviews them with students to ensure successful experiences.

Objectives for Fieldwork I, Placement 2: Introduction to Interventions

Students will:

- **Learn about facility participants** by reviewing charts, interviewing participants, and/or interviewing staff.
- Develop an awareness of **psychosocial** concerns in participants' lives.
- Assist in planning and carrying out at least one **group or individual activity**.
- **Analyze and record** the way participants' engage in activity.
- Complete an **assessment** with at least one participant, as appropriate to the setting and approved by the supervisor.
- **Work effectively** with facility staff and demonstrate an understanding of the roles of team members.
 - Demonstrate **professional** behavior, such as initiative, preparedness, dependability, cleanliness, and effective time management.
 - Demonstrate positive **people skills**, such as cooperation, flexibility, tact and empathy.
- Demonstrate **respect for diversity** and differences.
 - Examples: race, religion, gender, and lifestyle choices.
- Demonstrate use of appropriate **safety precautions** to protect participants, staff, and students.
- Adhere to **privacy** principles at all times.
- **Respond constructively to feedback**.
- Demonstrate **knowledge of the role (or potential role) of occupational therapy** in this particular setting.
- Demonstrate **knowledge of and responsibility for** meeting the objectives listed above.

If you have any questions about the objectives, please contact Megan Leach McCann, Academic Fieldwork Coordinator: megan.mccann@cpcc.edu or (704) 330-6756. If you agree with the above objectives, please complete and return the signature page (page 2). Please keep the objectives (page 1) for your records.

Objectives for Fieldwork I, Placement 2: Introduction to Interventions

I, _____ have read and understand the CCCC OTA program's student objectives for the above fieldwork course, and am confident that this facility: _____, can offer the students a fieldwork experience that will meet the objectives.

Please choose one:

- This facility will use the CCCC OTA programs Fieldwork Objectives with no additions.
- This facility will use the CCCC OTA Program Fieldwork Objectives with the **attached** additions.
