

# Minimum Qualifications

Application materials which do not clearly show that the applicant meets the stated Minimum Qualification requirements will not be considered. Years of experience requirements mean years of full-time work unless otherwise indicated on the Position Announcement. One year of part-time work may equate to one-half year of full time work, depending upon number of hours worked. 2,080 hours worked per year is considered equivalent to one full year of experience. Any required education must be from an accepted regionally accredited institution. Applicants must clearly and truthfully indicate in the on-line application process that they meet the minimum qualifications established for the position.
