

Six Sigma ^{Green Belt and} Black Belt

Six Sigma Green Belt and Black Belt training helps your organization cut out waste, make data-driven decisions, and streamline processes.

Both courses blend classroom instruction with online assignments.

Green Belt

- 46 total hours
- Work directly with cross-functional project leaders to carry out identified improvement projects
- Leads to local certification as a Six Sigma Green Belt

Black Belt

- 100 total hours
- Built on the American Society for Quality's (ASQ) Body of Knowledge
- Prepares participants to use the tools of Six Sigma to provide statistical expertise for project teams.

Course starting dates

Green Belt – September 6, 8, 11 (3 sections available)

Black Belt – October 3

To enroll, call 704.330.4223, or visit www.cpcc.edu and search for keyword: *Six Sigma*
