

Fleetwood Camping Resort

Located just off Speedway Boulevard (I-85, exit 49), the Fleetwood RV Racing Camping Resort at Charlotte is a short walk from the front stretch of America's premier race place, Lowe's Motor Speedway. The resort, a short drive from the shopper's paradise of Concord Mills, is adjacent to the renowned Rocky River Golf Course.

Four hundred sixty-two standard and pull-through sites are available, equipped with electricity (30 , 50-amp), sewer, water hookups and a picnic table. Phase I of the resort opened in 1999 with 243 sites on 16 acres. Phase II was completed in 2001 and added 219 ultra large sites and expanded the area to 29 acres. An open Pavilion was also added that features a kitchen, stage, and large seating area that have hosted camping clubs, weddings, and company parties. The ultra modern restroom and shower facility completes all the needs for a great camping experience.

Fishing is allowed in the ponds on the camping property on a fish and release rule. The lakes were originally stocked with 200 bass, 100 shell crackers, 200 bluegills and 100 catfish. There are benches and swings by the ponds so our guests can sit back and relax while they wait on the "big" one to bite.
