

# Measurable Learning Objectives (MLO's) Worksheet

\_\_\_\_\_  
(Print) Student's Name

- If you are participating in your work-based learning experience with your current/recent employer **and** have worked there for 60 days or more, complete Sections 1 & 2. **If not**, complete only Section 2.

**Section 1.** Briefly describe what your current job duties were before starting this work-based learning experience. **To receive credit for this class, your job duties and your work-based learning objectives must be different.**

---

---

**Section 2.** The Measurable Learning Objectives (MLO's) must be based on new skills that you will accomplish during the work-based learning class.

Your MLO's should be determined during the **first** week of the work-based learning experience as a joint effort between you, your Faculty Coordinator, and Supervisor. Develop complete sentences for each MLO below. All parties must sign and date this page. MLO's must be quantifiable, which means that a faculty coordinator should be able to measure and grade each one.

***By the end of the semester, I will complete... (learning objectives 1-3), as evaluated by my supervisor:***
