The Department's objective is to ensure that Title IV aid eligibility determinations are made based on the most accurate information possible. However, the FAFSA on the Web IRS Data Retrieval Tool (DRT) will only transfer certain, but not all, tax information from an original tax return and none of the tax information from an amended tax return. Similarly, the IRS Tax Return Transcript only includes information from the original tax return. While the IRS Tax Account Transcript does include tax return items that were changed when an amended return was filed, it does not specify which line items correspond with the line items from an IRS Tax Return Transcript, making it difficult for institutions to identify the tax information that was changed. Therefore, when an institution is aware that an amended tax return was filed, the institution will need to use information from the documents listed below to complete and satisfy the verification requirements.

If an individual filed an amended IRS income tax return, provide *BOTH* of the following:

- A 2023 IRS Tax Return Transcript AND
- A Signed Copy of the IRS Form 1040X, "Amended U.S. Individual Income Tax Return," that was filed with the IRS.
