

# Horticulture Technology: Introduction to Horticulture Certificate (C15240-C7) | 12 Total Credits

Current high school students, here is your chance to develop a strong foundation of horticulture and turfgrass knowledge at no tuition expense to you. Experience hands-on horticulture learning in our greenhouses and classrooms, where you'll have access to state of the art technology and information. You'll learn the latest techniques from skilled instructors who will equip you with the skills needed to start your own landscape maintenance business or find employment in the landscape, nursery, greenhouse, golf course and lawn care industries. To see how this connects with the full degree, view the course sequence [here](#).

| Prefix/Course                   | Credits | Pre-Req | Semester Offered | Transfer |
|---------------------------------|---------|---------|------------------|----------|
| HOR 162 – Applied Plant Science | 3       | None    | Spring           |          |

| HOR 160 – Plant Materials I     | 3       | None    | Fall/Spring      |          |
| HOR 168 – Plant Propagation     | 3       | None    | Fall             |          |

Total Pathway Credit hours: 12

## Eligibility Requirements

To be eligible for enrollment, a high school student must meet the following criteria:

- Be a high school junior or senior
- Have an unweighted GPA of 2.8 or greater or Benchmark test scores or have the recommendation of the high school principal or his/her designee

Note: This pathway is an option for some high school freshmen and sophomores, however; different eligibility criteria apply. Please view this on our [website](#) under the eligibility criteria for Career and Technical Pathways.
