MESSAGE FROM THE ASSOCIATE VICE PRESIDENT, SAFETY AND SECURITY

Central Piedmont Community College's Annual Security Report is published in compliance with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act and the Violence Against Women Act. This federal law seeks to make college campuses safer through the disclosure of such information and to assist college applicants in making informed enrollment or employment decisions. This report includes statistics of reported crimes from the previous three calendar years and provides information on institutional policies regarding alcohol and drug use, crime prevention, the reporting of crimes, and internal and external referral resources. The Clery Act promotes transparency and ongoing communication about campus crimes, other threats to health and safety, and empowers members to take a more proactive role in their own safety and security.

The College Safety and Security Division is responsible for preparing and disseminating the college's Annual Security Report (ASR) by Oct. 1 each year. Preparation of the ASR necessitates ongoing and annual efforts involving the College Security Services Department, other college departments, and supporting law enforcement agencies. These efforts include gathering crime statistics on reports of crimes prepared by college officials identified by law as campus security authorities, as well as local law enforcement agencies, and reconciling those statistics with College Security Services data to avoid duplicate reporting. Preparation of the Annual Security Report also mandates a review of college policies and procedures concerning campus safety and disclosure of those policies and procedures in this report.

Central Piedmont is committed to providing a safe and secure environment for our students, faculty, staff, and visitors for one primary purpose: to power the prosperity of our community as we pursue our vision of standing as the nation's most transformative community college. Our Annual Security Report is a direct reflection of our commitments: Student-Centered, Opportunity, Partnership, and Impact. We realize that college campuses are not isolated from criminal activity, and we recognize the need to share that information with all members of the college community.

We encourage all members of the Central Piedmont community to enhance awareness and develop personal safety plans. We endeavor to partner with Central Piedmont students, faculty, and staff to assist us in providing the highest possible level of safety and security. Please take the time to read this report and use the provided information to help us maintain a safe and secure environment for everyone on our campuses.

On behalf of Central Piedmont Community College, we are pleased to present this year's Annual Security Report.

Associate Vice President, Safety and Security, Central Piedmont Community College

ABOUT THIS REPORT

The Central Piedmont Safety and Security Division proactively cultivates and enables a safe and secure campus environment that supports the success of the Central Piedmont community through education, prevention, and response. The Safety and Security Division is an organization of character and commitment that champions innovation and resilience, empowering students, faculty, and staff to create a ready and secure learning environment. The Safety and Security Division is committed to prioritizing the safety of the college community, building strong partnerships and upholding accountability, to create a productive learning and working environment that yields student and employee success.

The College Safety and Security Division publishes and distributes the college’s Annual Security Report on behalf of the president of Central Piedmont Community College. This report is available to all current and prospective students and employees. It is accessible online at the Safety and Security website. The report contains three years of campus crime statistics and is designed to provide essential information concerning safety and security on all Central Piedmont campuses. This report will assist you in protecting yourself and others should an emergency occur.

The Central Piedmont Security Services Department contacted all agencies within the jurisdiction specified by Clery geography for Central Piedmont Community College for the production of this report.

Documentation for all communication and data is stored in the Drumm Facilities Services Building. The executive director of College Security reviews security policies annually to ensure they are current and implemented as prescribed.

Under 20 U.S.C. § 1092(f)(1)(L), the Clery Act requires institutions participating in federal student financial aid programs under Title IV of the Higher Education Act to disclose campus safety and security information through the Annual Security Report. This requirement connects financial aid eligibility with institutional transparency, ensuring that current and prospective students, employees, and their families have access to accurate information about campus crime statistics, safety policies, emergency response procedures, and prevention programs. Compliance with ASR and Clery reporting obligations is therefore an important condition of continued participation in federal student aid programs.

CAMPUS SECURITY AUTHORITIES

Any College Security Services employee or contracted police officer (Allied Universal) is considered a Campus Security Authority. A Campus Security Authority is any college official with significant responsibility for campus and student activity. Campus key leadership are also considered Campus Security Authorities and are responsible for reporting all crimes covered by the Clery Act to College Security Services. (Please see Table 2 below.)

Campus Security Authorities receive training on how to report crimes in compliance with the Clery Act. The Director of Security Communications maintains a list of Central Piedmont

Campus Security Authorities. Anyone who has been a victim of a crime or knows of anyone who has been a victim of a crime is encouraged to report that crime to a Campus Security Authority or College Security Services.

The following information is gathered by Campus Security Authorities to ensure proper statistical information is reported:

- Date incident reported
- Date of incident (to the extent it can be determined)
- Approximate time of the incident
- Location of incident
- Brief description of alleged criminal activity
- Gender of victim

REPORTING EXCEPTIONS

Pastoral counselors and licensed professional counselors acting in the scope of the professional license are not considered Campus Security Authorities and are not required to report crimes as part of Central Piedmont's annual disclosure of crime statistics.

Table 2 displays Central Piedmont employee positions that are designated as Campus Security Authorities. This list includes, but is not limited to, the following positions:

COLLEGE SECURITY SERVICES PROVIDERS

The Executive Director of College Security Services provides oversight of all College Security Services Department personnel and ensures the collection and processing of incident and crime reports.

The College Security Services Department and Business Continuity and Emergency Management Department are responsible for ensuring the safety of the campus community, receiving incident reports, conducting investigations, documenting traffic accident reports, and other public safety services. All felony criminal incidents that occur on Central Piedmont properties are referred to the local law enforcement department with jurisdiction for investigation; misdemeanor crimes are investigated by college contracted special police officers.

COLLEGE SECURITY SERVICES

The College Security Services Department consists of:

- Sworn police officers (Contracted — Allied Universal Special Police)
- Waiting to Be Sworn (WTBS) police officers (Contracted — Allied Universal Special Police)
- Uniformed, unarmed security officers (college employees)
- Secondary employment sworn uniformed police (Charlotte-Mecklenburg Police Department) and sheriff's deputies (Mecklenburg County Sheriff's Office) (part-time college employees)
- Non-sworn Directors of Campus Security
- Non-sworn Assistant Directors of Campus Security

College security officers enforce college policy, provide unarmed security and safety, provide security escorts, and respond to medical calls for service. Allied Universal Special Police Officers enforce the law, provide armed security, effect arrests, transport subjects, and process warrants for arrest.

ALLIED UNIVERSAL SWORN SPECIAL COMPANY POLICE

Sworn special company police officers are armed and identifiable by their navy uniform shirt with a distinctive Allied Universal Company Police triangular shoulder patch and badge. Company special police officers have full police authority on college property under the provisions of Chapter 74E of the General Statutes of the State of North Carolina. The Attorney General of North Carolina grants police commissions, under this statute, all the powers of municipal and county police officers to make arrests for both felonies and misdemeanors, and to file charges for infractions on college property.

Allied Universal Special Police Officers conduct foot and vehicle patrols of the campuses and parking lots. The Special Police Officers enforce North Carolina state laws. Central Piedmont's Directors and Assistant Directors of Campus Security enforce college policies. The Executive Director of College Security Services oversees the enforcement of both branches for the Associate Vice President of Safety and Security and the Central Piedmont Chief Operations Officer.

DIRECTORS OF CAMPUS SECURITY

Directors of Campus Security and Assistant Directors of Campus Security are experienced former law enforcement and security professionals who report directly to the Executive Director of College Security Services. Each is assigned to one of the college's six campuses and two centers and serves as the liaison between law enforcement and the Central Piedmont Campus Administration of their respective campuses. Directors of Campus Security and Assistant Directors of Campus Security are primarily responsible for the management of campus safety and security, managing security personnel, responding to incidents on campus, deterring security-related threats, and ensuring compliance with college policies, including the Central Piedmont Student Code of Conduct. The following personnel serve as Directors of Campus Security or Assistant Directors of Campus Security at Central Piedmont:

- Richard Hanson – Director of Campus Security (Cato Campus)
- Daniel Murphy – Director of Campus Security (Central Campus and WTVI)
- Eric Johnson – Director of Campus Security (Central Campus and WTVI)
- Charles Malloy – Director of Campus Security (Harper Campus)
- Jason McKinney – Acting Director of Campus Security (Harris Campus)
- Cadedria Hill – Director of Campus Security (Levine Campus)
- Jeffery Niven – Assistant Director of Campus Security (Levine Campus)
- Kevin Tatur – Director of Campus Security (Merancas Campus)

WORKING RELATIONSHIPS WITH LOCAL LAW ENFORCEMENT AGENCIES

To further their security and law enforcement missions, Allied Universal Special Police Officers, the Central Piedmont Security Services Department, and the Business Continuity and Emergency Management Department maintain a relationship with local, county, state, and federal law enforcement agencies and other emergency management and first responder agencies in the area. Mutual aid is requested between law enforcement agencies depending on the severity of any given situation.

The Central Piedmont Security Services Department and Business Continuity and Emergency Management Department, under the Safety and Security Division, maintain working relationships with Charlotte-Mecklenburg Police Department (CMPD), Mecklenburg County Alcohol Beverage Commission (ABC), Huntersville Police Department, Matthews Police Department, the Mecklenburg County Sheriff's Office, the NC State Bureau of Investigation (SBI), the Federal Bureau

of Investigation (FBI), the NC Highway Patrol, and Charlotte-Mecklenburg Emergency Management Office. All related criminal incidents occurring on Central Campus are referred to CMPD. Within the designated city limits of Charlotte, CMPD has the authority to enforce local statutes and ordinances at on-campus and non-campus locations of the college, and on public property locations bordering designated campus/non-campus areas. All incidents of a criminal nature are reported to the local police department having jurisdiction for the specific campus where the incident location occurred. When a crime or emergency incident occurs on campus, victims and witnesses are urged to immediately contact College Security Services by phone at 704-330-6911.

SECURITY DISPATCH CENTER

The Security Dispatch Center, which is staffed 24 hours a day, seven days a week, 365 days a year, is available to accept reports about potential criminal actions and other emergencies on campus. When a call is received, Central Piedmont security and police resources are immediately dispatched by radio, along with any outside public safety resource that is required such as emergency medical service (EMS), fire, or municipal police. The dispatch center also monitors local police channels to alert the campus community if Clery-related crimes are reported on the public property adjacent to a campus.

The Security Dispatch Center uses multiple systems to coordinate the activities of the security officers and Special Police Officers.

- All calls for service are recorded and logged by date, time, location, and nature of request or incident.
- Dispatchers and security staff document incidents in the Automated Report Management System (ARMS), a computerized incident reporting database.
- Multiple phone lines support the emergency and non-emergency service request lines for college security services.
- Security dispatchers coordinate a digital radio system on all six campuses and two centers. The radio system allows for communication between security officers, police officers, parking services, emergency management, environmental health and safety staff, and executive protection.
- Computer systems are used to monitor and process service requests, research criminal and law enforcement databases, and manage the surveillance camera network at all college locations.
- Multiple alarm systems are monitored directly and via a central alarm monitoring station.

SECURITY TECHNOLOGY

The Central Piedmont Security Services Department and Business Continuity and Emergency Management Department, under the Safety and Security Division, are equipped to address the college's uniquely designed campuses. College Security Services and Emergency Management maintain a working relationship with Facilities Operations in the maintenance of campus facilities. Each campus location and building have a trained Asset Essentials representative. Asset Essentials is a software program that allows facilities maintenance to monitor and review maintenance issues college-wide.

A network of security cameras is in place to ensure the safety of students, faculty, staff, visitors, and campus facilities. Central Piedmont has 1,448 cameras

system-wide that are monitored 24 hours a day by the Central Piedmont Security Dispatch Center. These cameras help to:

- Maintain secure facilities
- Protect students, faculty, staff, and visitors
- Monitor parking lots
- Aid in investigations
- Deter crime
- Assist in ensuring that college policies are properly followed
- Prevent vandalism

OFFICE OF STUDENT CONDUCT AND CIVILITY

The Student Code of Conduct (Code) outlines the college's expectations regarding student behavior while enrolled at Central Piedmont and methods for resolving allegations of student misconduct. Details for specific conduct prohibited under the Code, and particulars on the subject of disciplinary action, are available in the Student Code of Conduct page on the Central Piedmont website. The Code is administered by the Office of Student Conduct and Civility at 704-330-2722, ext 3021. The student disciplinary process helps protect the well-being and safety of the campus community. Reasonable efforts are also made to foster the personal and social development of those students who are held accountable for violations of college policies.

NON-EMERGENCY INAPPROPRIATE BEHAVIOR

If you observe someone who is displaying inappropriate behavior that is disruptive or otherwise problematic, call the Office of Student Conduct and Civility at 704-330-2722, ext. 3021.

COUNSELING SUPPORT

If you or a student you observe needs to talk to someone about a personal concern or is experiencing a psychological or emotional issue (i.e., depression, anxiety, grief, loss, or suicidal thoughts), call Counseling Services at 704-330-6420.

CENTRAL PIEDMONT CARE TEAM

The Central Piedmont Care Team is a diverse group of college professionals who respond collaboratively to reports regarding students of concern. The Care Team meets on a monthly basis, and rapid response meetings are held as needed. The Care Team includes representatives and designees from these departments: Student Life, Counseling Services, College Security Services, Student Conduct and Civility, Academic Affairs (curriculum instruction), Disability and Access Services, Center for Military Families and Veterans, and the Title IX Office.

The Care Team uses an online reporting form to provide a way to share concerns about events and behaviors that may affect the Central Piedmont community. Reporting students of concern provides early intervention opportunities and helps to facilitate a "see something, say something" culture at the college. A reporting system is used to track and manage reports of issues or behaviors that raise safety concerns on campus.

To submit a Care Team report, please visit the College Security Services and Emergency Management [webpage](#). If you would like to discuss a specific student behavioral concern, please contact the Care Team at 704-330-2722, ext. 3021.

EMERGENCY MANAGEMENT

Central Piedmont Community College has an Emergency Operations Plan (EOP) to mitigate the impact of an emergency on students, faculty, staff, visitors, and facilities. Central Piedmont's EOP is a comprehensive, all-hazards framework that guides a timely, effective, and coordinated response to emergencies across all campuses. It defines roles, responsibilities, and procedures to manage significant events while aligning with the National Incident Management System (NIMS). The EOP integrates best practices, complies with relevant laws and standards, and promotes collaboration with external emergency response agencies to ensure a unified and efficient response.

The EOP is based on the following assumptions:

- An emergency may occur at any time with little or no warning.
- Emergencies are variable and dynamic; therefore, response efforts should utilize this plan as a guide while also adapting as the incident evolves.
- Emergencies are managed at the lowest possible jurisdictional level and supported by additional capabilities when needed.
- Central Piedmont will utilize an emergency management structure to activate and deploy the appropriate college resources to respond to any reported emergency.
- If external agencies are required, those agencies will assume incident command when they arrive. The college will provide those external agencies with any support assistance requested to the best of its ability.
- An emergency may not start at, or be confined to, Central Piedmont and may affect the surrounding community, which may delay the response time of off-site emergency response agencies.
- Additionally, local government resources may be overtaxed and unable to respond to all requests for assistance in the event of a widespread emergency, such as a hurricane or severe weather.
- All students, faculty, and staff should be familiar with Central Piedmont's emergency procedures and aware of their roles and responsibilities during an emergency.

AUTHORITY

The President of Central Piedmont authorizes the EOP. The plan works in conjunction with area first responders and shall be subordinate to local, state, and federal plans during a disaster declared by these authorities. A copy of the plan is provided to the Charlotte-Mecklenburg Emergency Management Office, Charlotte-Mecklenburg Police and Fire Departments, Matthews Police and Fire Departments, and Huntersville Police and Fire Departments.

PROGRAM MANAGEMENT

Central Piedmont is committed to building emergency management and business continuity programs designed to maximize the resiliency of Central Piedmont to disruptive

incidents. Central Piedmont utilizes an approach that recognizes the four phases of emergency management prevention — mitigation, preparedness, response, and recovery. The college uses a method that strives to apply these concepts throughout Central Piedmont that protects life safety and facilitates operational continuity. The Business Continuity and Emergency Management Department creates, updates, and distributes the plan. The plan works in conjunction with first responders and shall be subordinate to local, state, and federal plans during a disaster declared by these authorities.

PROGRAM MAINTENANCE

The President of Central Piedmont has appointed and authorized the Business Continuity and Emergency Management Department to develop, implement, administer, evaluate, and maintain the EOP. The overall EOP shall be reviewed and updated annually, or as needed. Events that would necessitate an update include:

- An actual emergency
- Changes are made to policy, organizational structures, processes, and personnel
- Updates to guidance and standards are finalized
- Exercises take place
- Risks or hazards change
- Changes to the campus or surrounding community occur

FINANCE

In the event of an emergency or disruptive incident, the Executive Vice President of Finance and Operations or a designee will process financial requests. In specific circumstances, emergency purchasing procedures can be authorized to ensure that response, continuity, or recovery-driven purchase requests are processed quickly. Procurement and Accounts Payable staff shall capture financial data to assist with documentation, cost recovery, fiscal management of response, continuity, and recovery actions.

CRITICAL ALERT — EMERGENCY NOTIFICATION SYSTEM

The college activates its Emergency Notification System in response to any situation that poses an immediate threat to members of the campus community or could disrupt college operations in a significant manner.

Safety and Security, Communications, Advancement and External Engagement, and Information Technology Services work together to alert the campus community about incidents and the college's response to such incidents using multiple communication channels. These channels include email, phone, networked desktop computer, Rave Guardian, and the college website.

TIMELY WARNING PROCEDURES

A Timely Warning is a message to the campus community that notifies individuals of a serious crime on or adjacent to the college's campuses. This notice is designed to allow the community to take precautions for their personal safety and to enlist the community's assistance to identify the perpetrator(s). This message may include an emergency notification. Central Piedmont Security, Emergency Management, and Communications, Advancement and External Engagement will provide students and staff with news anytime a Clery-related crime is committed on Central Piedmont properties.

Any member of the community who is aware of an incident or emergency is urged to immediately notify a college official, who will in turn notify College Security Services so a Timely Warning can be issued.

FIRE AND EVACUATION DRILLS

Central Piedmont Community College conducts fire and evacuation drills across all six campuses and two centers in accordance with the North Carolina Fire Prevention Code (NCFC). The college is classified under Group B (Business) occupancy, which requires drills to be conducted no less than once annually per NCFC Section 405, Table 405.2. Campus locations housing early college or middle college programs — where enrolled students are minors of high school age, carry an additional classification of Group E (Educational) occupancy, requiring drills once per quarter under the same provision. Quarterly drills are conducted at Central Campus (Worrell Building), Levine I, Harper I, Merancas IV, and Cato II; the remaining Central campus buildings, Harris, City View Center, and WTVI follow the annual schedule. The college maintains full compliance with all applicable state and local fire code requirements across both occupancy classifications.

Evacuation directives may be issued at the building, campus, or college-wide level depending on the nature of the emergency. When a fire alarm sounds or an evacuation directive is issued:

- All occupants should immediately exit the building using the nearest marked stairwell, elevators must not be used.
- Stairwells should be used in a calm, single-file manner, keeping to the right.
- All Central Piedmont employees are responsible for assisting students and visitors in evacuating promptly to the building's designated Rally Point, where occupants must remain, at a minimum of 300 feet (or the closest Rally Point) from the structure, until directed by College Security Services, EHS personnel, or responding emergency personnel.
- Designated Rally Points are found on each campus in rear parking lots, quads, and pathways.

No one should re-enter a building for any reason until authorized by Security Services or public safety officials.

During a drill, occupants can expect to hear the fire alarm, see strobe lights activate, and receive voice commands from Security Services directing them to evacuate. Drills are designed to be brief, typically lasting no more than 10 to 15 minutes.

Questions regarding fire drill schedules, Rally Point locations, or evacuation procedures should be directed to the Department of Environmental Health and Safety at ehs@cpcc.edu.

DESIGNATED RALLY POINTS

1. Central Campus designated assembly areas include:

- All Central Piedmont parking facilities
- The Quad, which is the area bordered by the Giles, North Classroom, Citizens, Belk/Health Careers and Zeiss buildings
- The Overcash Center front lawn

2. The following campus locations also have designated assembly areas:

- Cato
- Harper
- Harris
- Levine
- Merancas
- City View Center
- WTVI

EMERGENCY SIGNAGE ON CAMPUSES

Central Piedmont's Safety and Security Division was created to help maintain a safe learning and working environment for Central Piedmont's staff and students. To achieve this goal, team members collaborated to create a Central Piedmont Emergency Procedures poster, a visual aid that has been posted in all Central Piedmont classrooms and restrooms. The poster lists emergency contact information and instructs staff and students on how to respond in the event of an emergency, such as a gas leak, fire, medical emergency, or active shooter on campus.

To the right is an example of the Central Piedmont Emergency Procedures poster.

Table 7 shows the college-wide distribution of Central Piedmont Emergency Procedures posters in classrooms and restrooms.

DESIGNATED AREAS OF RESCUE ASSISTANCE

The Area of Rescue Assistance is a location in which individuals who are unable to use stairs may remain temporarily while awaiting further instructions or assistance during an emergency evacuation. The Area of Rescue Assistance is identified by a sign reading, "Area of Rescue Assistance." Each area is equipped with two-way communication.

SHELTER IN PLACE

Some emergencies may require that Central Piedmont students, faculty, staff, and visitors shelter inside the building. Incidents such as a hazardous material release or a violent intruder are examples when it may be safer to Shelter in Place. Information concerning the event will be distributed through College Security Services and other emergency communication methods via the Emergency Notification System, or Critical Alert.

Law enforcement agencies may use the term 'Lockdown' when directing occupants to Shelter in Place. When directed to Shelter in Place, the following actions should be taken:

1. All students, faculty, staff, and visitors should move into or stay inside the closest permanent campus building.
2. Close and move away from all windows and doors. Lock or barricade doors if possible.
3. Remain in place until notified by College Security Services or emergency response personnel that the incident has been cleared.

NOTE: Security personnel will secure exterior doors.

SEVERE WEATHER RESPONSE — TORNADO SHELTER AREAS

In severe weather incidents with destructive winds (tornado, hurricane, severe thunderstorm), occupants receive a notification to move to a more structurally sound location within the building. In the event the National Weather Service issues a weather-related warning, employees, faculty, and students will receive information through means such as the Emergency Notification System or Critical Alert. If classes are in session and a weather warning is in effect, Central Piedmont faculty, employees, and students should follow these guidelines:

1. Seek shelter immediately.
2. Move to the lowest levels of the building; basements are safest.
3. Move to the interior area of the building (interior hallways and rooms).
4. Crouch as low as possible to the floor, facing down, and cover your head with your hands.
5. Stay away from exterior walls, windows, skylights, and other areas containing glass.
6. Stay out of areas with a large roof expanse (auditoriums and gymnasiums).

EMERGENCY INFORMATION

Call the Security Dispatch Center if you need assistance with any safety, security, or medical emergency. You are urged to report any crime, regardless of how insignificant it may seem. Call 704-330-6911 (or extension 6911 from a campus telephone) for emergency assistance.

The dispatcher who answers your call is trained in handling emergencies. When calling, be prepared to:

1. Provide your location.
2. Describe the nature of the emergency.
3. If possible, stay on the phone until the dispatcher tells you to hang up.

The college is committed to providing programs, activities, and an educational environment free from sexual discrimination. To that end, the college prohibits Sexual Misconduct, as that term is defined above and by Exhibit B of the college's Sexual Misconduct Procedures. Therefore, the college prohibits any form of sexual or other unlawful harassment involving any of its employees in the employment relationship or involving any of its students in the educational relationship.

Occasional compliments of a socially acceptable nature do not constitute sexual harassment, absent other compelling factors. Similarly, circumstances such as the nature of course materials, educational programs, or other educational activity will be considered before a determination is made that behavior in such a context is prohibited conduct. Furthermore, this Policy does not limit employees and students from reasonably and legally speaking to, discussing, presenting, teaching, assigning, and/or testing upon any material and subject that could be considered controversial.

IV. OVERVIEW OF POLICY

The college also is committed to fostering a community that promotes prompt reporting of all types of Sexual Misconduct and timely and fair resolution of Sexual Misconduct allegations. Employees, without any fear of reprisal, have the responsibility to bring forward any form of sexual or other unlawful harassment, whether by a co-worker, a student, or someone else encountered during the course of performing their job duties. Additionally, students, without any fear of reprisal, are encouraged to bring forward any form of sexual or other unlawful harassment, whether by another student, a staff member, or someone else encountered during the course of their education at the college.

ANTI-HAZING POLICY

STUDENTS

4.20 ANTI-HAZING POLICY

I. STATEMENT OF PURPOSE

Central Piedmont Community College takes student safety and welfare very seriously. The following policy and procedures have been developed to track and report hazing incidents. This policy is in accordance with the Stop Campus Hazing Act, an amendment to the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (Clery Act). Central Piedmont expects that its students, faculty and staff, and community members will not engage in conduct that is defined as hazing under the North Carolina Anti-Hazing Law and as otherwise determined by the college.

II. POLICY STATEMENT

Central Piedmont strictly prohibits hazing in any form. Individuals or organizations found responsible for hazing—whether on or off campus—are subject to disciplinary action by the college and may face state criminal charges. Consent by the victim or approval by the organization is not a defense.

III. APPLICATION

Hazing is a violation of Central Piedmont policy, the Stop Campus Hazing Act, and North Carolina law. Central Piedmont is committed to providing an environment of well-being, learning, and accountability for its members. To this end, the Central Piedmont Hazing Policy applies to:

- All students
- Minors participating in college-sponsored youth programs
- Any organization recognized or sanctioned by the college, including but not limited to:
 - Recognized Student Organizations (RSOs) of Central Piedmont
 - Affiliate RSOs of Central Piedmont
 - Any other planning team, committee, or group affiliated with Central Piedmont departments or offices
- Other persons associated with a Central Piedmont recognized- or sanctioned organization, including but not limited to:
 - Members or participants
 - Advisors (faculty or staff)
 - Alumni
 - Central Piedmont faculty, staff, and volunteers (including coaches)
 - Representatives of external organizations (i.e., third-party youth programs)

This covers any acts of hazing occurring on or off campus.

This policy informs students, faculty, and staff of their individual and community responsibilities regarding hazing, the college's response to anti-hazing policy violations, and the

resources available for addressing concerns related to hazing or suspected hazing. Student Affairs and the Central Piedmont Security Services Department have primary responsibility for the enforcement of this policy. The Vice President of Student Affairs (or their designee) will impose or modify sanctions for violations of this policy, as they deem appropriate in their sole discretion. This policy applies to all Central Piedmont students whether they are on or off any Central Piedmont campus.

IV. COLLEGE STANDARDS AND DISCIPLINARY ACTION

Central Piedmont's Anti-Hazing Policy standards are based on the Stop Campus Hazing Act and state laws and specify what constitutes hazing. These standards support the academic mission and personal development of students, while ensuring accountability and ethical conduct. When applied to hazing, the community college standards help define what behaviors are unacceptable and constitute a violation of the Hazing Policy.

Students who violate this policy will begin disciplinary proceedings in response to violations of the Student Code of Conduct. Violations of this section shall constitute a Class 2 misdemeanor. Students, faculty, and staff are expected to comply with all governing laws, including, but not limited to the Stop Campus Hazing Act and North Carolina Anti-Hazing Law § 14-35.

Under the North Carolina Anti-Hazing Law, it is unlawful and a violation of college policy for any student, faculty, and staff at Central Piedmont to engage in hazing, or to aid or abet any other person in the commission of this offense.

V. DEFINITIONS

A. HAZING

Hazing is defined as any intentional, knowing, or reckless act committed by a person, whether individually or in concert with others, against another person or persons regardless of the willingness of such other person or persons to participate, that:

1. Is committed in the course of an initiation into, an affiliation with, or the maintenance of membership in a student organization; and
2. Causes or creates a risk, above the reasonable risk encountered in the course of participation in the institution or the organization (such as the physical preparation necessary for participation in an athletic team), of physical or psychological injury.

Examples of hazing include, but are not limited to:

- Whipping, beating, striking, electronic shocking, placing of a harmful substance on someone's body, or similar activity;
- Causing, coercing, or otherwise inducing sleep deprivation, exposure to the elements, confinement in a small space, extreme calisthenics, or other similar activity;
- Causing, coercing, or otherwise inducing another person to consume food, liquid, alcohol, drugs, or other substances;

- Causing, coercing, or otherwise inducing another person to perform sexual acts;
- Any activity that places another person in reasonable fear of bodily harm through the use of threatening words or conduct;
- Any activity against another person that includes a criminal violation of local, state, tribal, or federal law; and
- Any activity that induces, causes, or requires another person to perform a duty or task that involves a criminal violation of local, state, tribal, or federal law.

Hazing generally shall NOT include reasonable and customary athletic, law enforcement training, contests, competitions, or events.

B. AGGRAVATED HAZING

When a person commits a violation of hazing that results in serious bodily injury or death to the minor or student; and

1. The person acts with reckless indifference to the health and safety of the minor or students; or
2. The person causes, coerces, or forces the consumption of an alcoholic liquid or drug by the minor or student.

C. ORGANIZATIONAL HAZING

When an organization intentionally, knowingly, or recklessly promotes or facilitates a violation of hazing or aggravated hazing.

D. MINOR

Regardless of student status, a minor is any person under the age of eighteen (18).

E. STUDENT

For purposes of this policy only, a student is an individual who attends, has applied to attend, or has been admitted to the college.

VI. ACCOUNTABILITY FOR REPORTING

Students, faculty, and staff are responsible for reporting incidents of hazing and suspected hazing. Failure to report an incident of hazing will be viewed by the college as compliance (through passive participation) in the hazing activity and is a violation of the Hazing Policy. Failure to report an incident of hazing may also constitute a violation of federal and state law. Students, faculty, and staff should report hazing or suspected hazing by completing the Conduct Reporting Form.

Anonymous reports are accepted.

This policy does not supersede other college or legal reporting obligations.

CRIME AWARENESS AND CAMPUS SECURITY POLICY

4.09 CRIME AWARENESS AND CAMPUS SECURITY

Central Piedmont Community College seeks to promote a teaching and learning environment that is safe for all students, faculty, staff, and visitors while on college premises. Contributing to the safety of the teaching and learning environment are rules for safety within facilities including, but not limited to, the prohibition of riding bicycles, skateboards, Segways, long boards, or similar recreational devices within the interior of college facilities and the use of these devices on the exterior of college facilities in a manner that a college official deems reckless due to the potential to negatively impact individual safety and/or damage college facilities. Any violations of this policy will be handled through the student disciplinary process.

In addition, the college has controlled access to facilities and distribution of keys, the presence of both sworn law enforcement officers and security officers, and a heightened awareness of criminal activity through regular reporting and educational programs. Within these measures, the college complies with all the crime awareness education and reporting requirements of the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (clerycenter.org/the-clery-act).

 - H. National origin: A preformed negative opinion or attitude toward a group of persons based on their actual or perceived country of origin. This bias may be against people who have a name or accent associated with a national origin group, participate in certain customs associated with a national origin group, or because they are married to or associate with people of a certain national origin.
 - I. Disability: A preformed negative opinion or attitude toward a group of persons based on their physical or mental impairments, whether such disability is temporary or permanent, congenital, or acquired by heredity, accident, injury, advanced age, or illness.
9. The third category of crime statistics you must disclose is the number of arrests and the number of persons referred for disciplinary action for the following law violations:
- i. Weapons: Carrying, possessing, etc.
 - ii. Drug abuse violations; and
 - iii. Liquor law violations.

An arrest for **Clery Act purposes** is defined as persons processed by arrest, citation, or summons.

VIOLENCE AGAINST WOMEN REAUTHORIZATION ACT

DEFINITIONS

The Violence Against Women Reauthorization Act of 2013 (VAWA) requires that institutions report incidents of sexual assault, domestic and dating violence (also known as intimate partner violence), and stalking in its annual security report. Public concern over violence against women prompted the original passage and enactment of VAWA. As such, VAWA legislation and programs have historically emphasized women victims. More recently, however, there has been a focus on ensuring that the needs of all victims are met through provisions of VAWA programs.

1. Domestic violence is defined as a felony or misdemeanor crime of violence committed:
 - A. By a current or former spouse or intimate partner of the victim.
 - B. By a person with whom the victim shares a child in common.
 - C. By a person who is cohabitating with or has cohabitated with the victim as a spouse or intimate partner.
 - D. By a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred; or
 - E. By any other person against an adult or youth victim who is protected from that person's acts under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred.
2. Dating violence is defined as violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim. The existence of such a relationship shall be determined based on the reporting party's statement and with consideration of the length of the relationship, the type of relationship and the frequency of interaction between the persons involved in the relationship. For the purposes of this definition, dating violence includes, but is not limited to, sexual or physical abuse or the threat of such abuse. Dating violence does not include acts covered under the definition of domestic violence.

3. Stalking is engaging in a course of conduct directed at a specific person that would cause a reasonable person to fear for the person's safety or the safety of others or suffer substantial emotional distress.
 - A. Course of conduct: Two or more acts, including, but not limited to, acts in which the stalker directly, indirectly, or through third parties, by any action, method, device, or means, follows, monitors, observes, surveils, threatens or communications to or about a person, or interferes with a person's property.
 - B. Reasonable person: A reasonable person under similar circumstances and with similar identities to the victim.
 - C. Substantial emotional distress: Significant mental suffering or anguish that may, but does not necessarily, require medical or other professional treatment or counseling.

Unfounded crimes are incidents that have been determined to be false or baseless. College Security Services will only include unfounded crimes when a sworn or commissioned law enforcement agency has thoroughly investigated the report and made the determination the report was false or baseless. If a crime has been determined to be "unfounded," College Security Services will maintain documentation as to why that determination was made.

CRIME STATISTICS COMPILATION

DAILY CRIME LOG

A daily crime log is a publicly available record of criminal incidents reported to the college's police or security authorities, maintained in accordance with Clery Act requirements. The log includes basic information such as the nature, date, time, general location, and disposition of each reported incident, when such information is available and disclosure would not compromise an investigation or the safety of individuals. It is updated regularly and made available for public inspection upon request through the appropriate campus safety or police office. A daily crime log is important because it supports transparency and helps keep the campus community informed about reported criminal activity in a timely manner. It also demonstrates the college's compliance with Clery Act requirements by documenting qualifying incidents consistently and making that information available for public review. In addition, the log can help students, employees, and visitors make informed personal safety decisions while reinforcing trust in the college's public safety practices. The daily crime log benefits campus safety by giving students, employees, and visitors timely awareness of reported incidents so they can make informed decisions about their personal safety. It also helps campus safety officials identify patterns, repeat locations, or emerging concerns that may require additional patrols, prevention efforts, or community alerts. By maintaining the log consistently, the college strengthens transparency, accountability, and trust between the campus community and public safety officials.

Only certain crimes occurring in particular locations are included in the statistical summary. There are four types of Clery geography: on-campus, student housing facilities, non-campus, and public property. The following definitions are taken from The Handbook for Campus Safety and Security Reporting provided by the U.S. Department of Education.

ON-CAMPUS

Any building or property owned or controlled by an institution within the same reasonably contiguous geographic area and used by the institution in direct support of, or in a manner related to, the institution's educational purposes, including residence halls; and any building or property that is within or reasonably contiguous to campus.

PUBLIC PROPERTY

All municipal property, including thoroughfares, streets, sidewalks, and parking facilities, that is within the campus, or immediately adjacent to and accessible from the campus.

STUDENT HOUSING FACILITIES

Any student housing facility that is owned or controlled by the institution or is located on property that is owned or controlled by the institution and is within the reasonably contiguous geographic area that makes up the campus is considered an on-campus student housing facility.

Note: Central Piedmont does not operate any student housing facilities.

The statistics found on this website: nces.ed.gov/collegenavigator/?q=Central+Piedmont+Community+College&s=NC represent alleged criminal offenses reported to campus security authorities and/or local police agencies. Therefore, the data collected does not necessarily reflect prosecutions or convictions for crime.

Tables 9–16 (see pages 36–43) include data for the previous three years of reported crimes that occurred on-campus, in certain off-campus locations or property owned or controlled by Central Piedmont Community College, and on public property within, or immediately adjacent to and accessible from, the campus.

The college obtains crime statistics from all municipal police departments that serve our campuses and adjacent properties. This includes the Charlotte-Mecklenburg Police Department, Matthews Police Department, and Huntersville Police Department. Statistics were reported per the FBI Uniform Crime Reporting (UCR)/National Incident-Based Reporting System (NIBRS) definitions. Complete statistics and definitions are available on the U.S. Department of Education website at ope.ed.gov/campusafety.

Each incident or crime report is reviewed by College Security Services administrators and classified based on the Clery Act crime definitions. Clery Act statistics are audited periodically at the discretion of the college's Office of Compliance and Audit. Each year, an email notification is sent to all enrolled students, faculty, and staff that provides the website to access the Annual Security Report. All prospective employees can obtain a copy from the Central Piedmont Human Resources Department by visiting the college website. The website address is part of the online employment application.

Any person(s) participating in college-sponsored, off-campus activities should report criminal incidents to the local law enforcement agency having jurisdiction and contact College Security Services at 704-330-6632.

PROMPT REPORTING OF EMERGENCIES AND SUSPICIOUS ACTIVITY

Employees, students, and visitors to the college are encouraged to immediately report emergencies and suspicious activity by contacting the Security Dispatch Center at extension 6911 or 704-330-6911 (from a non-campus telephone). For a non-emergency service request, please call extension 6632 or 704-330-6632 (from a non-campus telephone). College Security Services personnel on all Central Piedmont properties are here to serve and protect faculty, staff, students, and visitors. You are urged to report any suspicious persons or anything out of the ordinary to a police officer, security officer, the Security Dispatch Center, or a campus security authority.

COLLEGE RESPONSE PROCEDURES

COUNSELING SERVICES

Students who were the victim of a crime or who are aware that a crime was committed may speak with a counselor in Central Piedmont's Counseling Services Department with the assurance of utmost confidentiality. Counselors will explain options for reporting incidents, but all conversations are confidential unless it is determined someone is in imminent danger. The counselor will clarify the limits of confidentiality to the student at the time of their meeting. Counselors report statistical information about the occurrence of crimes to provide accurate data to the college, but no personally identifiable information is furnished without the consent of the student confiding in the counselor. For locations and information about Counseling Services at Central Piedmont, cpcc.edu/student-experience/student-support/wellness-center/counseling-services. Counseling Services may also be reached at 704-330-6420.

SEXUAL MISCONDUCT

Reports of Sexual Misconduct, including Sexual Assault, Domestic Violence, Dating Violence, Stalking, and Rape, are taken seriously at Central Piedmont Community College. College Security Services will aid local law enforcement in the investigation of any allegations. If you are a victim of a crime or Sexual Misconduct, you are urged to contact College Security Services immediately by calling 704-330-6911. An officer or college official is available to assist you.

The response may include:

1. Holding a private meeting at a location of your choice to take a complaint report, and if you feel more comfortable speaking with a male or a female officer, college officials will work to accommodate your request.
2. Notifying the campus community, as required by law, of crimes considered to be a threat to other students and employees, as well as the disclosure of the date, time, location, and nature of a violation.
3. Assisting you with securing transportation to a local hospital or other medical treatment facility; assisting you in privately contacting counseling and other available resources.
4. Fully investigating your case; keeping you informed about the progress of the investigation and prosecution.
5. Being available to answer your questions and explain the legal systems and processes involved.
6. Notifying you and explaining the contents of the police report if an arrest is made. The college will issue an official statement, maintaining your anonymity, which will be released to the campus community.

NOTE: When a sexual assault occurs, get medical attention immediately. Victims of sexual assault have the right to exercise the following options:

- File a complaint with law enforcement authorities and/or College Security Services;
- File a report with a Campus Security Authority (see Table 2);
- File a report with the Title IX Office;
- Take any or all actions; or
- Take no action.

If an assault takes place off-campus, College Security Services will help you file a report with the appropriate law enforcement agency.

To aid the police investigation, take these steps to preserve evidence:

1. If a sexual assault that involved penetration in any form has just occurred, do not shower or bathe before the police arrive to preserve DNA evidence.
2. Do not touch any surfaces that the suspect may have touched until the police have dusted for fingerprints.
3. Save all your clothing and personal items from the crime and inform the police what items you have.
4. Document any injury you suffered, either by photograph or by showing the injuries to someone you trust.

STUDENTS ACCUSED OF SEXUAL MISCONDUCT

Allegations of student Sexual Misconduct are extremely serious, with potential for significant harm to the accused if ill-conceived or made with malice. The college is committed to protecting the rights of the accused as well as the complainant. An individual found to have deliberately filed a false accusation may be subject to separate, appropriate disciplinary action. A complaint made in good faith is not considered false merely because the evidence does not ultimately support the allegation of Sexual Misconduct.

STANDARD OF PROOF

The college will ensure that its investigations and disciplinary proceedings are conducted with principles of due process. The standard of proof shall be the preponderance of the evidence in cases alleging Sexual Misconduct. Students accused of Sexual Misconduct will be treated with fairness and respect.

Any respondent (student, employee, vendor, third party) accused of Sexual Misconduct will be informed that a complaint has been made, told the specific allegations, provided with a copy of this policy, and informed of available counseling and other resources. The complainant and the respondent are entitled to the same opportunities to have others present during a disciplinary proceeding, including

the chance to be accompanied to any proceeding or related meetings by an advisor of their choice. Both the complainant and the respondent will be informed simultaneously in writing of the following:

- The outcome of any disciplinary proceeding;
- Appeal rights, if applicable;
- How the college will protect the confidentiality of the accused and accuser, and how public records will be kept without the inclusion of personally identifiable information, to the extent permissible by law.

ACADEMIC SCHEDULES

The Title IX Office provides assistance with changing academic schedules and is available following a Sexual Misconduct incident by contacting 704-330-2722, ext. 3021.

DISCIPLINARY PROCEDURES FOR SEXUAL MISCONDUCT

Prompt reporting is encouraged. Persons may report allegations of student Sexual Misconduct at any time but are encouraged to make reports promptly to maximize the college's ability to obtain evidence, conduct a fair and impartial investigation, and provide appropriate assistance to the parties involved. Failure to promptly report alleged Sexual Misconduct may result in the loss of relevant evidence and witness testimony and may limit the college's ability to respond and take appropriate action.

All reports of Sexual Misconduct will be taken seriously and investigated according to College Policy 4.16 Sexual Misconduct Policy. The college is committed to resolving all allegations of student Sexual Misconduct within 60 days of receiving a complaint. Some cases may take longer than 60 days depending on the complexity of the case and other factors out of the investigator's control.

The college will make every effort to protect the privacy and identities of those who seek assistance and wish to report Sexual Misconduct. While steps will be taken to protect the privacy of such persons, the college may need to investigate an incident and act once an allegation is known, whether or not the person chooses to pursue a complaint. The college adheres to all federal, state, and local requirements for intervention, crime reporting, and privacy provisions relating to Sexual Misconduct.

SEXUAL VIOLENCE RISK REDUCTION TIPS

Risk reduction tips can take a victim-blaming tone, even unintentionally. With no intention to victim-blame, and with the recognition that only those who commit sexual violence are responsible for those actions, these suggestions may nevertheless help you to reduce your risk of experiencing a non-consensual sexual act. To avoid becoming a victim of Sexual Misconduct:

1. Make your limits known as early as possible.
2. Tell a sexual aggressor "NO!" clearly and firmly.
3. Try to remove yourself from the physical presence of a sexual aggressor.
4. Find someone nearby and ask for help.
5. Avoid abuse of alcohol and other drugs.
6. Take care of your friends and ask that they take care of you. A real friend will challenge you if you are about to make a mistake. Respect them when they do so.

If you find yourself in the position of being the initiator of sexual behavior, respect your potential partner. These suggestions may help you to reduce your risk of being accused of Sexual Misconduct:

1. Communicate your intentions to your sexual partner and give them a chance to relay their intentions to you clearly.
2. Understand and respect personal boundaries.
3. Do not make assumptions about consent; about someone's sexual availability; about whether they are physically and mentally able to consent. If there are any questions or ambiguity, then you do not have consent.
4. Mixed messages from your partner are a clear indication that you should stop, defuse any sexual tension, and communicate better. You may be misinterpreting their intention. They may not have figured out how far they want to go with you yet. You must respect the timeline for sexual behaviors with which they are comfortable.
5. Do not take advantage of someone's inability to provide consent due to drug or alcohol use.
6. Realize that your potential partner could be intimidated by you, or fearful. You may have a power advantage simply because of your gender or size. Do not abuse that power.
7. Understand that consent to some form of sexual behavior does not automatically imply consent to any other forms of sexual behavior.
8. Silence and passivity cannot be interpreted as an indication of consent. Read your potential partner carefully, paying attention to verbal and non-verbal communication, and body language.
