Client Information

Our Student Clinic provides an opportunity for students to gain hands-on experience under the supervision of a licensed faculty member, focusing on important skills like interview techniques, assessment, timing your treatments and proper documentation. The sessions are full-body massages, and you will be asked to undress to your comfort level.

Health and Safety

To ensure the safety of our clients, students and staff, massage services may be postponed or declined under certain circumstances. Please contact the clinic to reschedule your appointment if any of the following apply:

- You have experienced a fever, vomiting or diarrhea within the past 24 hours.
- You are experiencing symptoms of a contagious illness, including but not limited to cold, flu, COVID-19, strep throat or other respiratory infections.
- You have an active, unexplained rash, contagious skin condition or open wound in the treatment area.
- You have undergone recent surgery or a medical procedure and have not been cleared by your healthcare provider to receive massage therapy.
- You are currently pregnant or have given birth within the past eight weeks.
- You have any medical condition that may make massage therapy unsafe without prior approval from your healthcare provider.

Please notify the clinic as soon as possible if you need to reschedule due to illness or a change in your health status.
